Infant Baptisms

- The Church/Parish baptizes infants when parents and godparents are actively practicing and living their faith
- The occasion of an infant baptism can sometimes become the opportunity for parents or godparents to become more active in the practice of their faith

Sponsor/Godparents

The following are the minimum requirements for godparents:

- A godparent must be 16 years of age, actively practicing their faith, and be confirmed
- If they are married, they must have had their marriage ritualized/blessed in the Church
- Persons not of the Catholic faith can be a Christian witness to an infant's baptism, but not be a sponsor... either a godfather or godmother

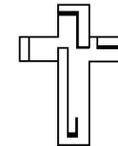

Baptismal Promises

- Both parents and godparents make the solemn promise during the baptismal ritual that the child being baptized will be raised in the practice of the Catholic faith. If parents or godparents are not actively practicing their faith... participating in Sunday Mass etc, there is a serious lack in their desire and good intentions. Unless there is a commitment to do whatever is necessary to correct the lack or deficiency, baptizing an infant in those instances is sometimes postponed or delayed.
- The parish can sometimes be helpful in providing and appointing a godparent for an infant when the parent/s are unable to find a properly qualified sponsor for the infant's baptism.

Parish Registration

- Generally parents requesting baptism for their child are registered in the parish. For parents not registered in the parish, it is important that registration is completed on the occasion of the baptism. Registration with the parish indicates an ongoing relationship with the faith community of the Church. Celebrating the Sacrament of Baptism attaches each family to the faith community and registration becomes a confirmation of their belonging to the Church and its faith community of the parish.
